

Construction, Arbitration and Investment

CI Arb
evolving to resolve

Qatar Branch

Date:

Tuesday, 25 May 2021

Time:

7.00 – 8.30 pm (GMT+3)

Venue:

Online

Event description:

CI Arb Qatar Branch is pleased to host a webinar to consider issues around international construction arbitration. In particular, the speaker will cover the following topics:

- The significant factors affecting the construction sector today, including challenges to investment treaties, cash flow constraints, the Covid pandemic, and climate change.
- The top developments in International Construction Arbitration: A Case Review of 2020.
- On-going changes in Investment Arbitration: what does this mean for the construction sector?

Speaker:

Pamela McDonald MCI Arb

Partner

Pinsent Masons, Qatar

Pamela is a partner at Pinsent Masons in Qatar. Pamela's career has focused on international arbitration and dispute avoidance. Pamela's sector focus is infrastructure and energy. Pamela is a registered QICCA arbitrator, having received her first appointment in 2021, a Board Member of the CI Arb, a Board Member of NAWIC Qatar and a member of the MENA sub-committee for the Campaign for Greener Arbitrations. Pamela regularly participates in arbitration community events and writes on the topic of arbitration in the Middle East.
